LEXI BOLING

New York, age 23

THE MODEL and face of Prada Candy Kiss perfume may be low-maintenance, but she's very into highlighting.

DIET & FITNESS

"I want to try hypnotism to quit smoking. It's a phase, right?" **Supplements:** Probiotics and vitamins C and B12. "I take them for energy and to boost my immune system. I feel a lot better." **Morning drinks:** Iced chai and Juice Press Fountain of Youth. **Sweet treats:** "I love Swedish Fish and Sour Patch Kids." **Dislikes:** "I hate a lot of veggies, which is horrible. And anything that's mushy—like avocados or whipped cream." **Snowboarding:** "I've been doing it for 10 years, but now I have the hips of a 65-year-old."

FRAGRANCE & BODY

"It's weird walking down the street and seeing my Prada campaign in a Sephora." **Signature scent:** Prada Candy Kiss. "It smells like a hug. It's warm and sweet at the same time." **Body bliss:** The steam room at New York's Aire Ancient Baths. "I steam a lot. I go as much as possible." **Lotion:** Chanel Coco Mademoiselle Moisturizing Body Lotion. "It lasts all day, so you don't smell bad." **Exfoliator:** SheaMoisture Intensive Hydration Body Scrub. "It's my boyfriend's. It looks like sand and works really well."

Olaplex No. 3 Hair Perfector, \$28

SKIN & MAKEUP

"I'm a tomboy, and I have two brothers. Makeup was never really my thing." **Cleanser:** Only water. "And during the day I get sweaty, so I use Evian Mineral Water Spray." **Moisturizers:** Nerium Age-Defying Day Cream and Night Cream. **Sunscreen:** Neutrogena Ultra Sheer Dry-Touch. **Mascara:** Gucci Opulent Volume Mascara. **Highlighter:** Pat McGrath Labs Skin Fetish 003 Kit. "Pat has shown me a lot of ways to highlight and how to show the better qualities of my face." **No manicures:** "Only when I work. I don't like getting them."

Pat McGrath Labs Skin Fetish 003 Kit Pigment in Golden, \$72 for set

Gucci Opulent Volume Mascara in Isonic Black, \$33

Nerium Age-Defying Night and Day creams, \$19.00 for both

Pat McGrath Labs Skin Fetish 003 Kit Shiny Stick in Golden (part of set)

HAIR

"I like to color my hair, but if it's a drastic cut, I have to think about it." **Color:** Victoria Hunter or Larry Raspanti at Whittemore House in New York. **Cuts:** Guido Palau and his first assistant, Sandy Hullett. "They're the only ones who cut my hair." **Treatments:** Olaplex and Redken Anti-Snap Leave-In Treatment for Damaged Hair. "I went super dark for a shoot, then back to my original color, and for a year my hair was yellow, orange, green, and it keeps breaking. I'm not touching it." ▶
